GKM Background R8.docx

Hi all,

Attached is the information I gathered from R8's websites.

I did not include anything on Results of Recent Investigations (2015 Draft Baseline Ecological Risk Assessment), but there is a fact sheet with that information already.

Should I go ahead and summarize what has happened since the spill? HQ's website has that information available, but there is a lot of information there as well...

Thanks!

Soledad

Hi folks,

Pulled this together from the various sources we were looking at, broke it down to General History/Background, Cleanup Efforts, and Past Releases.....Soledad is working to condense the R8 website info on the R8 work in the area.....

Thanks!
